## EXPORT PRODUCT CATALOG — INSTANT COFFEE

Global Trade & Commodity Division

Export Category: Soluble Instant Coffee (Pure & Blends) | Origin: Chikkamagaluru, Karnataka, India

Quality Assurance: 100% Spray-Dried, Hygienically Processed, Premium Soluble Coffee.

### 1. PURE INSTANT COFFEE (100% PURE SOLUBLE COFFEE)

Crafted from hand-selected premium coffee beans from the renowned hills of Chikkamagaluru. Processed via advanced spray-drying technology to deliver an intense, full-bodied cup with rich aroma and robust flavor profile.

| Parameter          | Specification Value             | Parameter          | Specification Value         |
|--------------------|---------------------------------|--------------------|-----------------------------|
| Coffee Composition | 100% Pure Soluble Coffee Beans  | Caffeine Content   | High (Approx. 220 mg / cup) |
| Dissolution Time   | Within 20 sec in hot water/milk | Moisture Content   | 3.5% Maximum                |
| Solubility & Form  | Free-flowing coarse powder      | Color & Appearance | Rich Dark Brown Granules    |

Key Features: 100% Pure Coffee | Unmatched Intensity | Excellent Solubility

### 2. ULTRA BLEND (90:10 COFFEE–CHICORY BLEND)

An expertly balanced blend combining 90% premium instant coffee with 10% roasted chicory. Formulated to deliver a stronger, richer body with a smoother finish preferred by institutional and commercial buyers.

| Parameter        | Specification Value       | Parameter        | Specification Value      |
|------------------|---------------------------|------------------|--------------------------|
| Blend Ratio      | 90% Coffee / 10% Chicory  | Caffeine Content | Approx. 190 mg / cup     |
| Dissolution Time | Within 15–20 seconds      | Moisture Content | 3.5% Maximum             |
| Taste Profile    | Strong aroma, smooth body | Packaging Grade  | Export Standard Airtight |

Key Features: Stronger Profile | Rich Aroma | Superior Cup Consistency

### 3. PREMIUM BLEND (80:20 COFFEE–CHICORY BLEND)

A traditional South Indian filter-coffee style soluble blend containing 80% soluble coffee and 20% roasted chicory. Offers an exquisite aroma, deep color, and smooth lingering taste suitable for retail and HoReCa segments.

| Parameter        | Specification Value                      | Parameter        | Specification Value      |
|------------------|------------------------------------------|------------------|--------------------------|
| Blend Ratio      | 80% Coffee / 20% Chicory                 | Caffeine Content | Approx. 150 mg / cup     |
| Dissolution Time | Within 15 seconds                        | Moisture Content | 3.5% Maximum             |
| Aroma & Color    | Intense aromatic notes, deep dark liquor | Target Segment   | Retail & HoReCa Channels |

Key Features: 80:20 Premium Blend | Rich Filter Taste | Excellent Crema

4. CUSTOM PRIVATE LABEL & OEM SOLUBLE COFFEE
